You can make a difference!
What you do makes a difference!

A great education is not just about the teachers and the school. Your involvement as a parent really matters! Research shows when parents get involved in their children’s education, good things happen. For instance:

- Grades go up
- Test scores rise
- Behavior improves

Studies show that children who have involved parents are more likely to further their education after high school. When many families work together, they build a true “school community”. A great way to learn more about Pleasant Local Schools is to join the PTO.

What is a PTO?

PTO stands for Parent Teacher Organization. It is an organization that is set up as a non-profit and is independent from the school.

The Pleasant PTO is a 100% volunteer organization composed of Pleasant parents and grandparents just like you.

Our Mission

The purpose of our organization is to build a partnership among parents, teachers and administration to promote an environment that nurtures, supports, and enriches the educational experience of each student at Pleasant Local Schools.

Reasons to join the PTO

It's a great way to meet other families with children the same age as your own.

You will become a greater part of your children's early learning experiences.

You can help raise money for a great cause - your children's education.

You'll get to know the teachers at school and to understand their needs and ideas.

You can create, plan and execute fun events for the whole family.

WE NEED YOU!

Your fundraising efforts made a difference last year by:

Purchasing 3 T.V.s for the high school,
