Pleasant App Presentation

Mr. Kollas spent some time updating the Board and the Community about our new App which can now be downloaded onto Apple and Android phones. This app will allow parents and members of the community to follow specific buildings within the district and can receive alerts pertaining to the buildings they select to follow.

New Building & Committee Updates

Our crews are currently focused on getting the building sealed up before the winter months. They started putting in windows and are making good progress. We're still waiting on the quote from Weatherproofing Technologies to replace the roof on the Transportation garage.

Superintendent Updates

A Preschool survey was sent out on October 25th to our community to figure out if there's any interest and we had a great response. We have put on the agenda for the purchase of two vans which will be utilized for athletics, field trips, special transportation. This will be a cost savings

for the district as it is cheaper to operate a van vs. a bus. This will also help our transportation department as well because staff and coaches will be able to transport up to 10 people with a van license. The Middle School teachers toured the new building and were very excited about the progress and are excited to get into their new classrooms. There was a COVID press conference today and we may hold a special BOE meeting in November to adopt modifications to our current language.
