3. Communications to the Pleasant BOE
  - i. Ms. Mills spoke to the BOE about our policy and expectations on communication to parents for safety issues that arise. Mr. McDonnell personally spoke to assure that Pleasant Local Schools is committed to ensuring the safety of our students and staff and understand why the community is concerned when they hear of potential threats within our schools. Our district uses a Threat Assessment Protocol and determines (in conjunction with our School Resource Officer, Deputy Robb Reed from the Marion County Sheriff's Office) whether the threat is a serious or a transient threat. We understand that the community would like feedback on concerns that are brought to their attention, however, if the threat is deemed "transient" and it is handled through intervention with the building/district team, these incidents will not be communicated to the larger community. The privacy of all students involved is also a concern that our district takes seriously when communicating with our community.

The goal would be to partner with the North Central ESC for this program until we can manage the program on our own. We would like to offer both special education and typical students. A preschool would be one of the greatest ways to combat the educational deficit we're seeing because of the pandemic.
