NOTE:	This Student/Parent Handbook is based in significant part on policies adopted by the Board of Education and Administrative Guidelines developed by the Superintendent. Those Board Policies and Administrative Guidelines are incorporated by reference into the provisions of this Handbook. The Policies and Administrative Guidelines are periodically updated in response to changes in the law and other circumstances. Therefore, there may have been changes to the documents reviewed in this Handbook since it was printed in <u>8/2024</u> . If you have questions or would like more information about a specific issue or document, contact your school principal or, or access the document on the District's website: <u>www.pleasantlocalschools.org</u> by clicking on " <u>Middle School - Documents</u> " and finding the specific policy or administrative guideline in the Table of Contents for that section.

FOREWORD

The Pleasant Local School Student Handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain Board policies and procedures. Please take time to become familiar with the important information contained in this Handbook and keep the Handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in this Handbook, you are encouraged to talk to your teachers or the building principal. This Handbook replaces all prior handbooks and other written material on the same subjects. This Handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules as of 8/2024. If any of the policies or administrative guidelines referenced herein is revised, the language in the most current policy or administrative guideline prevails. Copies of current Board policies and administrative guidelines are available from the building principal and on the District's web site.

Dr. Shelly Dason
Director of Student Services

Any student making a complaint or participating in a school investigation will be protected from retaliation. The Compliance Officer(s) can provide additional information concerning equal access to educational opportunity (Board Policy 2260).

SCHOOL DAY

Office Hours are 7:00 a.m. – 3:30 p.m.

Classes begin at 7:30 a.m. and conclude at 2:15 p.m. (Doors open at 7:00 a.m.)

STUDENT RESPONSIBILITIES

The School's rules and procedures are designed to allow students to be educated in a safe and orderly environment. All students are expected to follow staff members' directions and to obey all school rules.

Students must arrive at school on time, prepared to learn and participate. If, for some reason, this is not possible, the student should seek help from the principal.

[] Adult students (age eighteen (18) or older) must follow all school rules.

[] If residing at home, adult students are encouraged to include their parents in their educational program.

In order to keep parents informed of their child's progress in school, parents will be provided information on a regular basis and whenever concerns arise. Many times it will be the responsibility of the student to deliver the information. The School, however, may use the mail or hand delivery when appropriate. Parents have the option of receiving communication from the School via e-mail and/or facsimile by filling out the appropriate form available in the school's main office. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish their educational goals (Board Policy 5500).

ACADEMIC INTEGRITY

Presenting someone else's work as your own in order to obtain a grade or credit is cheating. This includes, but is not limited to, copying other's assignments, quiz or test answers, and plagiarism. In addition, this includes providing work or answers to another for them to use. Students who violate this policy will receive zero credit for those assignments and possible disciplinary action.

Responsibilities:

Administration

1. Ensure the policy is clearly communicated to all teachers, students and parents.
2. Consistently enforce the policies with all students at all times.

Teachers

1. Inform students of the academic integrity expectations in each class.
2. Provide an atmosphere in the classroom that reduces the ability of students to violate the policy.
3. Consistently apply the policies with all students at all times.

Students

1. Students are expected to behave as honest and responsible members of the academic community.
2. Students should not help others violate the standards of academic integrity.
3. Students prepare sufficiently for all assignments and assessments.
4. Students accept responsibility for what you know and don't know.

STUDENT WELL BEING

Student safety is the responsibility of both students and staff. Staff members are familiar with emergency procedures such as evacuation procedures, fire and tornado drills, safety drills in the event of a terrorist or other violent attack, and accident reporting procedures. If a student is aware of any dangerous situation or accident, the student must notify a staff person immediately.

State law requires that all students have an emergency medical authorization completed and signed by a parent or guardian on file in the main office.

Students with specific health care needs should deliver written notice about such needs, along with physician documentation, to the main office (Board Policy 3213 and 4213).

INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If the injuries are minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents.

A student who becomes ill during the school day should request permission to go to the office. An appropriate adult in the office will determine whether the student should remain in school or go home. No student will be released from school without proper parental permission (Board Policy 5340).

SECTION I - GENERAL INFORMATION

ENROLLING IN THE SCHOOL

In general, State law requires students to enroll in the school district in which their parent or legal guardian reside.

- Unless enrolling under the District's open enrollment policy.
- Unless enrolling and paying tuition.

New students under the age of 18 must be enrolled by their parent or legal guardian. When enrolling, parents must provide copies of the following:

- A. A birth certificate or similar document
- B. Court papers allocating parental rights and responsibilities, or custody (if appropriate)
- C. Proof of residency
- D. Proof of immunizations

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred. The Guidance Counselor will assist in obtaining the transcript, if not presented at the time of enrollment.

Homeless students who meet the Federal definition of homeless may enroll and will be under the District Liaison Homeless Children with regard to enrollment procedures.

New students 18 years of age or older are not required to be accompanied by a parent when enrolling. When residing with a parent, these students are encouraged to include the parents in the enrollment process. When conducting themselves in school, adult students have the responsibilities of both student and parent.

In addition, if a new student resides in the District with a grandparent and is the subject of a: (1) power of attorney designating the grandparent as the attorney-in-fact; or (2) a caretaker authorization affidavit executed by the grandparent that provides the grandparent with authority over the care, physical custody, and control of the child, including the ability to enroll the child in school, consent in all school related matters, and discuss with the District the child's educational progress, the student's grandparent may enroll the child in school on a tuition-free basis. However, in addition to the above-referenced documents that are typically required for enrollment, the grandparent must provide the District with a duly executed and notarized copy of a power of attorney or caretaker authorization affidavit.

A student suspended or expelled by another public school in Ohio may be temporarily denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired may be temporarily denied admission to the District's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the District had the student committed the offense

while enrolled in the District. Prior to denying admission, however, the Superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

If a student has been recently discharged or released from the custody of the Department of Children Services (DCS) and is seeking admittance or re-admittance into the District, the student will not be admitted until the following records, which are required to be released by DCS to the Superintendent, have been received:

- A. An updated copy of the student's transcript;
- B. A report of the student's behavior while in DCS custody;
- C. The student's current IEP, if one has been developed for the child; and
- D. A summary of the instructional record of the child's behavior.

Foreign students and foreign-exchange students (from recognized and approved student programs) are eligible for admission on the same basis as other non-resident students (Board Policy 5111).

WITHDRAWAL/TRANSFER FROM SCHOOL

No student under the age of eighteen (18) is allowed to withdraw from school without the written consent of their parents and in compliance with State law. A student who otherwise withdraws from school without moving out of State, transferring to another approved school, being granted an age and schooling certificate, or enrolling in and attending an approved program, shall be reported to the juvenile judge of the county and to the Bureau of Motor Vehicles for suspension of their driver's license, if the student is under the age of 18.

Parents must notify the Guidance Counselor's office about plans to transfer their child to another school. All books and materials must be returned to the school and all bills must be paid. School records, including disciplinary records of suspension and expulsion, will be transferred to the new school within 14 days of the parents' notice or request (Board Policy 5130).

IMMUNIZATIONS

Students must be current with all immunizations required by law, ~~including but not limited to poliomyelitis, measles, diphtheria, rubella, pertussis, tetanus, and mumps~~, or have an authorized exemption from State immunization requirements. ~~Kindergarten students must be immunized against Hepatitis B and chicken pox.~~ For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized exemption. In the event of an ~~chicken pox~~ epidemic, the Superintendent may temporarily deny admission to a student otherwise exempted from the ~~chicken pox~~ immunization requirement. Any questions about immunizations or exemptions should be directed to the School Health Consultant at 740-389-4815 (Board Policy 5320)

EMERGENCY MEDICAL AUTHORIZATION

A complete Emergency Medical Authorization Form must be on file with the School in order for a student to participate in any activity off school grounds, including field trips, spectator trips, athletic and other extracurricular activities, and co-curricular activities. The Emergency Medical Authorization form is provided at the time of enrollment and at the beginning of each school year (Board Policy 5341)

Such forms must be filed annually and as necessary for any change in the medication.
- C. All medications must be registered with the Principal's Office and must be delivered to school in the original containers in which they were dispensed by the prescribing physician or licensed pharmacist, labeled with the date, the student's name, and the exact dosage to be administered.

In the case of epinephrine auto-injectors ("epi pens"), in addition to written permission and submission of proper forms, the parent or student must provide a back up dose to the school health consultant. Students are strictly prohibited from transferring emergency medication, epi pens, or inhalers to any other student for their use or possession.

If, for supportable reasons, the Principal wishes to discontinue the privilege of a student self-administering a medication, except for the possession and use of asthma inhalers, the parent(s)

shall be notified of the decision in sufficient time for an alternative means of administration to be established.

- E. Any unused medication unclaimed by the parent will be destroyed by school personnel when a prescription is no longer to be administered or at the end of a school year.
- F. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The School's professional staff may remove or isolate a student who has been ill or has been exposed to a communicable disease or highly transient pest, such as lice.

Specific communicable diseases include diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

Any removal will be limited to the contagious period as specified in the School's administrative guidelines (Board Policy 8450).

CONTROL OF NONCASUAL-CONTACT COMMUNICABLE DISEASES

The School District has an obligation to protect staff and students from non-casual contact communicable diseases. When a non-casual contact communicable disease is suspected, the student's health will be reviewed by a panel of resource people, including the Marion Public Health Department. Pleasant Local Schools will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases include sexually transmitted diseases, AIDS, ARC-AIDS Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child bleeds at school and students or staff members are exposed to the blood. Any testing is subject to laws protecting confidentiality (Board Policy 8453).

CONTROL OF BLOOD-BORNE PATHOGENS

The Pleasant Local School District seeks to provide a safe educational environment for students and take appropriate measures to protect those students who may be exposed to blood-borne pathogens in the school environment and/or during their participation in school-related activities. While the risks of students being exposed to blood-borne pathogens may be low, students must assume that all body fluids are potentially infectious and must

take precaution to follow universal procedures in order to reduce such risks and minimize and/or prevent the potential for accidental infection.

Students may be exposed to blood-borne pathogens in situations, including, but not limited to the following:

- Engaging in activities with other students in the school environment (e.g., physical education class) where physical injuries or other actions that can cause bleeding or exposure to saliva and other body fluids may occur.
- Working with equipment in the school environment that can cause cuts or similar injuries that produce bleeding.
- Participating in extracurricular activities (i.e., athletic activities) where physical injuries or other actions that can cause bleeding may occur.

Whenever a student has contact with blood or other potentially infectious material, the student must immediately notify their teacher, who will begin the implementation of the Blood Borne Pathogens Exposure Control Plan.

The parents of a student who is exposed will be contacted immediately regarding the exposure and encouraged to have the student's blood tested for Hepatitis B and HIV either by their physician or the Marion Public Health Department. The student's parents are encouraged to consult with the student's physician concerning any necessary post-exposure treatment.

- The student's parent will also be asked to provide a copy of the test results and any post-exposure treatment for maintenance in the student's educational record in accordance with the Federal and State laws concerning confidentiality.

The parents of the student who caused the exposure will also be contacted immediately and advised to have the student's blood tested for Hepatitis B and HIV virus either in cooperation with their physician or the Marion Public Health Department.

- The student's parents will be asked to provide a copy of the test results for maintenance in the student's educational record in accordance with Federal and State laws concerning confidentiality.
- The student's parents will be encouraged to allow the District to release their child's name to the exposed student's parents, in the event serious health issues are presented as a result of the exposure. (Board Policy 8453.02)

PREPAREDNESS FOR TOXIC AND ASBESTOS HAZARDS

The School is concerned for the safety of students and attempts to comply with all Federal and State Laws and Regulations to protect students from hazards that may result from industrial accidents beyond the control of school officials or from the presence of asbestos materials used in previous construction. A copy of the School District's *Preparedness for Toxic Hazard and Asbestos Hazard Policy* and asbestos management plan is available for inspection at the Board offices upon request (Board Policy 8431).

STUDENTS WITH DISABILITIES

The Americans with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act (Section 504) prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students, but to all individuals who have access to the District's programs and facilities.

The laws define a person with a disability as anyone who:

- A. Has a mental or physical impairment that substantially limits one or more major life activities;

- B. Has a record of such an impairment; or
- C. Is regarded as having such an impairment.

The District has specific responsibilities under these two laws, which include identifying, reviewing and, if the child is determined to be eligible, affording access to appropriate educational accommodation.

Additionally, in accordance with State and Federal mandates, the District seeks out, assesses and appropriately services students with disabilities. Staff members use a comprehensive child study process to systematically screen, assess and, if appropriate, place students in special education and related services. Students are entitled to a free appropriate public education in the "least restrictive environment."

A student can access special education and related services through the proper evaluation procedures. Parent involvement in this procedure is important and required by Federal (IDEIA), A.D.A. Section 504) and State law. Contact the Student Services Director at 740-389-2389 to inquire about evaluation procedures, programs, and services (Board Policy 2460).

HOMELESS STUDENTS

Homeless students will be provided with a free and appropriate public education in the same manner as other students served by the District. Homeless students are eligible to receive transportation services, participate in education programs for students with disabilities or limited English proficiency, participate in gifted and talented programs, and receive meals under school nutrition programs. Homeless students will not be denied enrollment based on lack of proof of residency. For additional information contact the liaison for Homeless Students at 740-389-2389 (Board Policy 5111.01).

CHILDREN AND YOUTH IN FOSTER CARE

Students who meet the Federal definition of "in foster care", including those who are awaiting foster care placement, will be provided a free appropriate public education (FAPE) in the same manner as all other students of the District (Board Policy 5111.03).

PROTECTION AND PRIVACY OF STUDENT RECORDS

The Pleasant Local School District maintains many student records including both directory information and confidential information. Each year the Superintendent shall provide public notice to students and their parents of the District's intent to make available, upon request, certain information known as "directory information." The Board designates as student "directory information": a student's name; address; telephone number; date and place of birth; major field of study; participation in officially-recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; or award received.

School-assigned e-mail accounts shall not be released as directory information beyond this/these-limited purpose(s) and to any person or entity but the specific online educational service provider and internal users of the District's Education Technology.

Directory information shall not be provided to any organization for profit-making purposes.

Parents and eligible students may refuse to allow the Board to disclose any or all of such "directory information" upon written notification to the Board within fifteen (15) days after receipt of the Superintendent's annual public notice.

In accordance with Federal and State law, the Board shall release the names, addresses, and telephone listing of secondary students to a recruiting officer for any branch of the United States Armed Forces or an institution of higher education who requests such information. A secondary school student or parent of the student may request in writing that the student's name, address, and telephone listing not be released without prior consent of the parent(s)/eligible student. The recruiting officer is to sign a form indicating that "any information received by the recruiting officer shall be used solely for the purpose of informing students about military service and shall not be released to any person other than individuals within the recruiting services of the Armed Forces." The Superintendent is authorized to charge mailing fees for providing this information to a recruiting officer.

Whenever consent of the parent(s)/eligible student is required for the inspection and/or release of a student's health or education records or for the release of "directory information," either parent may provide such consent unless agreed to otherwise in writing by both parents or specifically stated by court order. If the student is under the guardianship of an institution, the Superintendent shall appoint a person who has no conflicting interest to provide such written consent.

The Board may disclose "directory information," on former students without student or parental consent, unless the parent or eligible student previously submitted a request that such information not be disclosed without their written consent.

The Board shall not permit the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose (Board Policy 8330).

Other than directory information, FERPA and Ohio law protect access to all other student records. Except in limited circumstances as specifically defined in State and Federal law, the School District is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age. The Board will provide access or release directory information to armed forces recruiters unless the parent or student request that prior written consent be obtained.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student records please provide a written notice identifying requested student records to the Guidance Office. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student's privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of their right to a hearing on the matter.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an un-emancipated minor, their parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- G. Religious practices, affiliations, or beliefs of the student or their parents; or
- H. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation. Please contact the principal to inspect such materials.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the principal receives the request.

The Superintendent will notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- A. Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose); and

RECOGNITION OF STUDENT ACHIEVEMENT

Students who display significant achievements during the course for the year are recognized for their accomplishments. Areas that may merit recognition include, but are not limited to, academics, athletics, performing arts, citizenship, and volunteerism. Recognition for such activities is initiated and coordinated by the administrative staff (Board Policy 5451).

Honor Roll

The students achieving honor roll status will be posted at the end of each nine weeks grading period. The honor roll will contain the names of those students receiving all “A’s” in academic subjects all “A’s” and/or “B’s” in the same subjects. Additionally, however, grades of “C” or below in any other subject will keep a student off the honor roll.

PROMOTION, ACCELERATION, AND RETENTION

Promotion to the next grade is based on the following criteria:

- A. Current level of achievement based on instructional objectives and mandated requirements for the current grade
- B. Potential for success at the next level
- C. Emotional, physical, and/or social maturity necessary for a successful learning experience in the next grade

A student may be accelerated (either by whole-grade or by subject area) when their performance and measured ability significantly exceeds that of their grade level peers. Students can be nominated for acceleration by teachers, administrators, parents, and the student him/herself. Decisions regarding acceleration are based on the following criteria:

- A. Achievement of grade/course objective and any applicable State-mandated requirements for the grade/course in which the student is currently and any grade(s)/course(s) in the student will skip
- B. Achievement of instructional objectives for the present grade/course as well as the succeeding one(s)
- C. Potential for success in the accelerated placement based on sufficient proficiency at current level
- D. Social, emotional, and physical maturation necessary for success in an accelerated placement

A student may be retained at their current grade level based on the following criteria:

- A. Failure to demonstrate proficiency in mathematics and reading, the core subjects of science, social studies, and language;
- B. Failure to achieve the instructional objectives at the current grade level that are requisite for success at the next grade level
- C. Scoring at the below basic level on any State-mandated assessment test

To be promoted to the next grade, a student must successfully complete a majority of the core academic subjects. Final decision regarding retention or placement will be made up by the student's teachers and the principal, taking into consideration abnormal circumstances such as extended illness, death in the family, divorce in the family, medical reasons, or other justifiable causes. Parents will be informed periodically by interim reports, grade cards, conferences and letters. To pass a course, a student must receive passing grades for at least two nine (9) week grading periods, and may have to pass the last nine weeks.

A student will be retained if the student is truant (absent without excuse) for more than ten percent (10%) of the required attendance days of the current school year AND has failed two (2) or more of the required curriculum subject areas in the current grade.

Even if the student falls in the preceding category, a student may be promoted if the Principal and the teachers of the classes that the student failed agree that the student is academically prepared to be promoted.

EDUCATIONAL OPTIONS

Pleasant Local Schools provides alternative means by which a student can achieve the goals of the District, as well as their personal educational goals. Educational options are learning experiences or activities that are designed to extend, enhance, supplement, or serve as an alternative to classroom instruction.

The following Educational Options for this school year will include the District's Credit Flexibility Plan and may include but not be limited to:

Distance learning	Correspondence courses	Mentorship programs
On-line coursework	Educational travel	Summer school
Tutorial programs	Project portfolios	Early college entrance
Independent study	Internships	

In order to participate in an Educational Option, the student must first submit an application for approval by the Superintendent. Students under the age of 18 may only participate with the written consent of their parent or guardian. Applications are available in the guidance office. Credit will be granted upon the successful completion of an approved program and will be assigned according to student performance relative to stated objectives of the approved instructional and performance plan and in accordance with District policy and established administrative guidelines.

Your guidance counselor can give you more information about procedures related to credit flexibility and educational options available in the district to students, parents, and interested stakeholders (Board Policy 2370).

Pleasant Local Schools has approved a Remote Learning Plan as stated in Ohio HB 164. For additional details, please visit the Pleasant District webpage.

COLLEGE CREDIT PLUS PROGRAM

Prepared with information from the College Credit Plus student and parent guide. More information can be found in the guidance office.

Any Pleasant Local Schools student in grades 7 through 12 may enroll in the college credit plus program provided the student meets the requirements established by law and by the participating college or university. The purpose of this program is to promote rigorous academic pursuits and to provide a wide variety of options to college-ready students. Taking a College Credit Plus course from a public college or university is free, which means no cost for tuition, books, or fees. If you choose to attend a private college or university, you may have limited costs.

College Credit Plus allows students to earn college credit and apply that credit toward their high school graduation requirements. Successful completion of a three or more credit-hour college course will result in 1.0 Carnegie unit earned at the high school. A two credit-hour college course will earn students $\frac{2}{3}$ of a high school credit and a one credit-hour college course will convert to $\frac{1}{3}$ of a high school credit.

Students, after you are admitted to a college, you can take any courses offered by that college that you are college-ready to take. Students can take courses offered in person or online by any public or participating private college in Ohio.

If a student fails or withdraws with an "F" will receive an "F" on the high school and college transcripts and will be computed into the high school and college GPA. If you do not receive a passing grade, the district may seek reimbursement for the amount paid to the college on your behalf for that college course. The school district may withhold grades and credits received for high school courses taken until reimbursement has been made.

A student will be denied high school credit for any portions of or for the entire class if taken during a period of expulsion. Student participation requires written consent of the Superintendent and, for students under 18, written consent of the parents or attendance in counseling services offered with this educational option. Any interested student should contact the guidance office to obtain the necessary information (Board Policy 2271).

CAREER ADVISING PROGRAM

Career advising is an integrated process that helps students understand how their personal interests, strengths and values might predict satisfaction and success in school and related career fields, as well as how to tie these interests

and strengths to their academic and career goals. Students need to have access to comprehensive resources and support to prepare for their future success. Through relevant classroom instruction, career-related learning experiences, and a program of counseling and advising, students can discover their interests and explore academic and career pathway options (Board Policy 2413).

COMPUTER TECHNOLOGY AND NETWORKS

The District provides Internet services to its students. The District's Internet system has a limited educational purpose, and has not been established as a public access service or a public forum. Student use of the District's computers, network and Internet services/connection ("Network") are governed by the following principles and guidelines, and the Student Code of Conduct. Users have a limited privacy expectation in the content of their personal files and records of their online activity while on the Network.

Parents and students are advised that the Board may not be able to technologically limit access through the Board's Internet connection to only those services that have been authorized for the purpose of instruction, study and research related to the curriculum. Because it serves as a gateway to any publicly available file server in the world, the Internet opens classrooms and students to electronic information resources that have not been screened by educators for use by students of various ages. The District utilizes a Technology Protection Measure, which is a specific technology that will protect against (e.g., filter or block) access to visual displays/depictions that are obscene, pornographic, and materials that are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the Superintendent, the Technology Protection Measure may be configured to protect against access to other material considered inappropriate for students to access.

The District further utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents and guardians are advised that a determined user may be able to gain access to services on the Internet that are not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. Parents/Guardians of minors are responsible for setting and conveying the standards that their children should follow when using the Internet. The District supports and respects each family's right to decide whether to apply for independent student access to the Internet.

Students are encouraged to use the "Network" for educational purposes. Use of the Network is a privilege, not a right. When using the Network, students must conduct themselves in a responsible, efficient, ethical, and legal manner. Students are responsible for good behavior on the District's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. Unauthorized or inappropriate use of the Network, including any violation of these rules, may result in cancellation of the privilege, disciplinary action consistent with the Student Code of Conduct, and/or civil or criminal liability. Prior to accessing the Network, students must sign the Student Network and Internet Acceptable Use and Safety Agreement. Parent permission is required for minors. Parents are encouraged to discuss their values with their children so that students can make decisions regarding their use of the Network that is in accord with their personal and family values, in addition to the Board's standards.

Students must complete a mandatory training session/program regarding the appropriate use of technology and online safety and security as specified in Policy 7540.03 – Student Network and Internet Acceptable Use and Safety before being permitted to access the Network and/or being assigned an e-mail address.

Smooth operation of the Network relies upon users adhering to the following guidelines. The guidelines outlined below are not exhaustive but are provided so that users are aware of their general responsibilities.

- A. Students are responsible for their behavior and communication on the Network.
- B. Students may only access the Network by using their assigned Network account. Use of another person's account/address/password is prohibited. Students may not allow other users to utilize their account/address/password. Students may not go beyond their authorized access.

- C. Students may not intentionally seek information on, obtain copies of, or modify files, data or passwords belonging to other users, or misrepresent other users on the Network.
- D. Students may not use the Network to engage in "hacking" or other illegal activities (e.g., software pirating; intellectual property violations; engaging in slander, libel, or harassment; threatening the life or safety of another; stalking; transmission of obscene materials or child pornography; fraud; sale of illegal substances and goods).
- E. Transmission of any material in violation of any State or Federal law or regulation, or Board policy is prohibited.
- F. Any use of the Network for commercial purposes (e.g., purchasing or offering for sale personal products or services by students), advertising, or political lobbying is prohibited.
- G. Use of the Network to engage in cyber-bullying is prohibited. "Cyber-bullying" involves the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal Web sites or Social Media accounts, and defamatory online personal polling Web sites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others." For further information on cyber-bullying, visit <http://www.cyberbullying.ca>

Cyber-bullying includes, but is not limited to the following:

1. Posting slurs or rumors or other disparaging remarks about a student or school staff member on a web site or on weblog;
2. Sending e-mail or instant messages that are mean or threatening, or so numerous as to drive up the victim's cell phone bill;
3. Using a camera phone to take and send embarrassing photographs/recordings of students or school staff members or post these images on video sharing sites such as You Tube;
4. Posting misleading or fake photographs of students or school staff members on web sites.

To the extent permitted by the First Amendment, instances of cyber-bullying off school grounds that disrupt the school environment or interfere with the learning process will be considered violations of the Student Code of Conduct.

- H. Students are expected to abide by the following generally accepted rules of network etiquette:
 1. Be polite, courteous, and respectful in your messages to others. Use language appropriate to school situations in any communications made through the Network. Do not use obscene, profane, lewd, vulgar, rude, inflammatory, sexually explicit, defamatory, threatening, abusive or disrespectful language in communications through the Network (including but not limited to, public messages, private messages, and material posted on web pages).
 2. Do not engage in personal attacks, including prejudicial or discriminatory attacks.
 3. Do not harass another person. Harassment is persistently acting in a manner that distresses or annoys another person. If a student is told by a person to stop sending the person messages, the student must stop.
 4. Do not post information that, if acted upon, could cause damage or a danger of disruption.

5. Never reveal names, addresses, phone numbers, or passwords of yourself or other students, family members, teachers, administrators, or other staff members while communicating on the Internet. This prohibition includes, but is not limited to, disclosing personal identification information on commercial web sites.
 6. Do not transmit pictures or other information that could be used to establish your identity without prior approval of a teacher.
 7. Never agree to get together with someone you "meet" on-line without parent approval and participation.
 8. Check e-mail frequently and diligently delete old mail on a regular basis from the personal mail directory to avoid excessive use of the electronic mail disk space.
 9. Students should promptly disclose to their teacher or other school employee any message they receive that is inappropriate or makes them feel uncomfortable, especially any e-mail that contains pornography. Students should not delete such messages until instructed to do so by a staff member.
-
- I. Malicious use of the Network to develop programs that harass other users or infiltrate a computer or computer system and/or damage the software components of a computer or computing system is prohibited. Students may not use the Network in such a way that would disrupt its use by others. Students must avoid intentionally wasting limited resources. Students may not bypass or attempt to bypass the District's Technology Protection Measure. Students must immediately notify the teacher, principal, or the Technology Coordinator if they identify a possible security problem. Students should not go looking for security problems, because this may be construed as an unlawful attempt to gain access.
 - J. All communications and information accessible via the Internet should be assumed to be private property (i.e. copyrighted and/or trademarked). All copyright issues regarding software, information, and attributions/acknowledgement of authorship must be respected. Rules against plagiarism will be enforced.
 - K. Downloading of information onto the Board's hard drives is prohibited, without prior approval from the Technology Coordinator. If a student transfers files from information services and electronic bulletin board services, the student must check the file with a virus-detection program before opening the file for use. Only public domain software may be downloaded. If a student transfers a file or software program that infects the Network with a virus and causes damage, the student will be liable for any and all repair costs to make the Network once again fully operational.
 - L. Students must secure prior approval from a teacher or the Technology Coordinator before joining a Listserv (electronic mailing lists) and should not post personal messages on bulletin boards or "Listservs."
 - M. Students may use real-time electronic communication, such as chat or instant messaging, only under the direct supervision of a teacher or in moderated environments that have been established to support educational activities and have been approved by the Board, Superintendent, or principal.
 - N. Privacy in communication over the Internet and the Network is not guaranteed. In order to verify compliance with these guidelines, the Board reserves the rights to monitor, review, and inspect any directories, files and/or message residing on or sent using the Network. Messages relating to or in support of illegal activities will be reported to the appropriate authorities.

- O. Use of the Internet and any information procured from the Internet is at the student's own risk. The Board makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the Network will be error-free or without defect. The Board is not responsible for any damage a user may suffer, including, but not limited to, loss of data, service interruptions, or exposure to inappropriate material or people. The Board is not responsible for the accuracy or quality of information obtained through the Internet. Information (including text, graphics, audio, video, etc.) from Internet sources used in student papers, reports, and projects should be cited the same as references to printed materials. The Board will not be responsible for financial obligations arising through the unauthorized use of the Network. Students or parents of students will indemnify and hold the Board harmless from any losses sustained as the result of misuse of the Network by the student. Use of the Network by students will be limited to those students whose parents have signed a release of claims for damages against the Board.
- P. File-sharing is strictly prohibited. Students are prohibited from downloading and/or installing file-sharing software or programs on the Network.
- Q. Students may not establish or access web-based e-mail accounts on commercial services through the Network (e.g., Gmail, Hotmail, Yahoo mail, etc.).
- R. Since there is no central authority on the Internet, each site is responsible for its own users. Complaints received from other sites regarding any of the District's users will be fully investigated and disciplinary action will be taken as appropriate.
- S. Preservation of Resources and Priorities of Use: Computer resources are limited. Because space on disk drives and bandwidth across the lines, which connect the Network (both internally and externally) are limited, neither programs nor information may be stored on the system without the permission of the Technology Coordinator. Each student is permitted reasonable space to store e-mail, web, and personal files. The Board reserves the right to require the purging of files in order to regain disk space. Students who require access to the Network for class-or instruction-related activities have priority over other users.
- Students not using the Network for class-related activities may be "bumped" by any student requiring access for class-or instruction-related purpose. The following hierarchy will prevail in governing access to the Network:
1. Class work, assigned and supervised by a staff member.
 2. Class work, specifically assigned but independently conducted.
 3. Personal correspondence (checking, composing, and sending email).
 4. Training (use of such programs as tutors, etc.)
 5. Personal discovery ("surfing the Internet").
 6. Other uses – access to resources for "other uses" may be further limited during the school day at the discretion of the principal or the Technology Coordinator.
- T. Game playing is not permitted at any time. (Board Policy 7540)

TRANSMISSION OF RECORDS AND OTHER COMMUNICATIONS

Parents/Guardians have to complete and return to the District Form 8330 F4a in order to authorize the staff to communicate with the parent/guardian via facsimile and/or electronic mail ("e-mail"). Parents who elect to communicate with a staff member via e-mail are required to keep the District informed of any changes to their e-mail address.

PUBLIC SCHOOL CHOICE OPTIONS

The No Child Left Behind Act of 2001 provides that parents/guardians of students enrolled in a Title I school in the District the first year following the building's identification as being in "School Improvement" have the right to transfer their children to another school in the District, provided there is a school that provides instruction at the students' grade level(s) and such school has not been identified as being in the process of school improvement, corrective action, or restructuring. However, if there is not another school in the District offering instruction at the students' grade level(s) that has not been identified as needing improvement, the Superintendent will contact neighboring districts and request that they permit students to transfer to a school in one of those districts. Supplemental Education Services (SES) will also be offered to students in any school no later than the first year following the building's identification as being in "School Improvement", regardless of whether a transfer option is available.

Additionally, if a school within the District has been designated as "persistently dangerous" as defined by State law, students have the right to transfer to another "safe" school in the District. If there is not another "safe" school in the District providing instruction at the students' grade level(s), the Superintendent shall contact neighboring districts and request that they permit students to transfer to a school in one of those districts. Further, if a student is a victim of a violent crime on school property, the student also has the right to transfer to another school in the District. If there is not another school in the District providing instruction at the student's grade level, the Superintendent shall contact neighboring districts and request that they permit that student to transfer to a school in one of those districts providing instruction at the student's grade level (Board Policy 2623).

SECTION III - STUDENT ACTIVITIES

SCHOOL-SPONSORED CLUBS AND ACTIVITIES

The Pleasant Local School District provides students the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be taken for credit, required for a particular course, and/or contain school subject matter.

Extra-curricular activities do not reflect the School curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like (Board Policy 2430).

All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements. Participation in these activities is a privilege and not a right, and students may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights (Board Policy 5610.05).

DANCES

All dances are to be approved by student council and advisors. No middle school students will be permitted to attend high school dances and no high school students are to be permitted to attend middle school dances. All dances are closed to all except Pleasant Middle School students.

STUDENT COUNCIL

The student council is an elected representative group open to any student who is interested in participating in a variety of activities at the school. The student council will be made up of two representatives from each homeroom, and will elect officers from the elected representatives. The goals of this group are to promote leadership, involvement and responsibility in school activities.

NONSCHOOL-SPONSORED CLUBS AND ACTIVITIES

Non-school-sponsored student groups may meet in the school building during non-instructional hours. The application for permission to use school facilities can be obtained from the Principal. The applicant must verify that the activity is being initiated by students, that attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities, and that non-school persons do not play

a regular role in the meeting. All school rules relating to student conduct and equal opportunity to participate apply to such activities.

Membership in any fraternity, sorority, or other secret society as proscribed by law is not permitted. All groups must comply with School rules and must provide equal opportunity to participate.

No non-district-sponsored organization may use the name of the school or school mascot on any materials or information (Board Policy 2430).

ATHLETICS

The Pleasant Local Schools provides a variety of athletic activities in which students may participate provided they meet eligibility requirements established by the Board and by the Ohio High School Athletic Association (OHSAA). Participation in these activities is a privilege and not a right. Students may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights in accordance with Board Policy 5610.05.

Contact the athletic director for a list of activities currently being offered.

ACADEMIC ELIGIBILITY

There are specific criteria to be academically eligible to participate in athletics. The first is provided by the OHSAA and the second is provided by the PLS Board of Education.

- You must be enrolled in and earn passing grades in a minimum of four courses each and every grading period to have continuing eligibility. Talk to your Athletic Director before dropping courses to determine how it will affect your eligibility.

STUDENT ATTENDANCE AT SCHOOL EVENTS

Students are encouraged to attend as many after school events as possible, without interfering with their school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students participating in the event.

It is strongly advised that students attending evening events as nonparticipants be accompanied by a parent or adult chaperone. The Board is not responsible for supervising unaccompanied students nor will it be responsible for students who arrive without an adult chaperone (Board Policy 5855).

SECTION IV - STUDENT CONDUCT

ATTENDANCE

School Attendance Policy

Regular attendance is a significant student responsibility at all grade levels. Many studies correlate regular attendance with success in school. Regular attendance means that the academic learning process is not interrupted, less time is spent on make-up assignments, and students benefit from participation and interaction with others in class. Many important lessons are learned through active participation in classroom and other school activities that cannot be replaced by individual study.

Establishing a pattern of good attendance will benefit the student in school and in the workplace. Attendance is important in the development of a high quality work ethic, which will be a significant factor in a student's success with future employers. One of the most important work habits that employers look for in hiring and promoting a person is their dependability in coming to work every day on time. This is a habit the school wants to help students develop as early as possible.

No student is permitted to leave school prior to dismissal time without a parent/guardian signed written note or coming to the school office personally to sign the student out. No student will be released to a person other than the custodial parent/guardian or to a properly identified person authorized in writing by the parent/guardian (Board Policy 5200).

Excused Absences

Students may be excused from school for one or more of the following reasons and will be provided an opportunity to make-up missed schoolwork and/or tests:

- A. Personal Illness. The principal may require a doctor's confirmation if the student deems it advisable.
- B. Illness in the Family Necessitating the Presence of the Child. The principal may require a doctor's confirmation and an explanation as to why the child's absence was necessary.
- C. Quarantine of the Home. This is limited to the length of the quarantine as fixed by the proper health officials.
- D. Death in the Family. This is limited to a period of three (3) days unless a reasonable cause may be shown for a longer absence.
- E. Necessary Work at Home Due to absence or Incapacity of Parent(s)/Guardian(s). Any absence arising because of this condition shall only apply to a child over fourteen (14) years of age and shall not extend for a period longer than five (5) days and can be renewed for five (5) additional days. At no time, shall such excuse permit a student to be absent from school for a period of more than ten (10) consecutive days. At the discretion of the Superintendent or their designee, a student may be excused for a longer period of time than ten (10) days if a child's parent/guardian has recently died or become totally or partially incapacitated. Superintendent or their designee may request a certificate of a physician attesting to the physical condition of the parent/guardian.
- F. Observation or Celebration of a Bona Fide Religious Holiday. Any student shall be excused for the purpose of observing or celebrating a bona fide religious holiday consistent with their creed or belief.
- G. Absence During the School Day for Professional Appointments. Parents are to be encouraged to schedule medical, dental, legal, and other necessary appointments other than during the school day. Since this is not always possible, when a student is to be absent for part of the day:
 - 1. The student shall have a statement to that effect from their parents;
 - 2. The student shall bring a signed statement from the doctor, dentist, lawyer, counselor, etc. to the effect that the student reported promptly for the appointment;

3. The student shall report back to school immediately after their appointment if school is still in session.
- H. Emergency or Other Set of Circumstances. The Superintendent shall determine whether the reason for the absence constitutes good and sufficient cause.
- I. Medically Necessary Leave.
- J. Service as Precinct Officer at a Primary, Special or General Election
- K. Absences that do not accumulate against this guideline include: field trips, college visits, not to exceed two days.

EXCESSIVE ABSENCES

When a student of compulsory school age is absent from school with or without legitimate excuse for thirty-eight (38) or more hours in one (1) school month, or sixty-five (65) or more hours in a school year, a school representative shall notify the child's parent/guardian of the child's absences, in writing, within seven (7) school days after the date of the absence that triggered the notice requirement. At the same time written notice is given, any appropriate intervention action listed herein may be taken.

Students who miss 10 or more unexcused days per semester may be subject to disciplinary action.

Habitual Truancy

A student will be considered habitually truant if the student is of compulsory school age and absent without a legitimate excuse for thirty (30) or more consecutive hours, for forty-two (42) or more hours in one (1) school month, or for seventy-two (72) or more hours in one (1) school year.

Legitimate excuses for the absence of a student who is otherwise habitually truant include but are not limited to:

- A. The student was enrolled in another school district;
- B. The student was excused from attendance in accordance with R.C. 321.04; or
- C. The student has received an age and schooling certificate.

Absence Intervention Team

To the extent required by law as determine on an annual basis, within ten (10) days of a student becoming habitually truant, the Principal shall assign the student to an absence intervention team.

Within fourteen (14) school days after the assignment of a student to an absence intervention team, the team shall develop an intervention plan for that student in an effort to reduce or eliminate further absences. Each intervention plan shall vary based on the individual needs of the student, but the plan shall state that the attendance officer shall file a complaint not later than sixty-one (61) days after the date the plan was implemented, if the child has refused to participate in, or failed to make satisfactory progress on, the intervention plan. Within seven (7) school days after the development of the plan, reasonable efforts shall be made to provide the student's parent/guardian with written notice of the plan.

Each absence intervention team may vary based on the needs of each individual student but shall include a representative from the child's building, another representative from the child's building who knows the child, and the child's parent or parent's designee, or the child's guardian, custodian, guardian ad litem, or temporary custodian. The team also may include a school psychologist, counselor, social worker, or representative of a public or nonprofit agency designed to assist students and their families in reducing absences.

The members of the absence intervention team shall be selected within seven (7) school days of the student meeting the habitually truant threshold. Within the same period of seven (7) school days, the Principal shall make at least three meaningful, good faith attempts to secure the participation of the student's parent/guardian, guardian ad litem, or temporary custodian on that team. A good faith attempt to secure the participation of the parent shall include, but not be limited to, diligent efforts to reach the parent by telephone, email, or regular mail. If the student's parent responds to any of those attempts, but is unable to participate for any reason, the principal shall inform the parent of the parent's right to appear by designee. If seven (7) school days elapse and the student's parent, guardian, custodian, guardian ad litem, or temporary custodian fails to respond to the attempts to secure participation, the attendance officer shall investigate whether the failure to respond triggers mandatory abuse or neglect reporting to

the public children services agency. At the same time, the absence intervention team shall continue to develop an intervention plan for the child notwithstanding the absence of the child's parent, guardian, custodian, guardian ad litem, or temporary custodian.

Intervention Strategies

In order to address the attendance practices of a student who is habitually truant, the intervention team may, as part of an intervention plan, take any of the following intervention actions:

- A. Provide counseling to the student
- B. Request or require the student's parent to attend a parental involvement program
- C. Request or require a parent to attend a truancy prevention mediation program
- D. Notify the Registrar of Motor Vehicles of the student's absences
- E. Take appropriate legal action
- F. Assignment to an alternative school (Note: If the District has established an alternative school, it must appear as an alternative intervention strategy.)

Any student who, due to a specifically identifiable physical or mental impairment, exceeds or may exceed the District's limit on excused absence may be referred to the Principal for evaluation to determine eligibility either under the Individuals with Disabilities Education Improvement Act (IDEIA) or Sections 504 of the Rehabilitation Act of 1973, or other appropriate accommodation.

Reporting Requirements

The attendance officer shall file a complaint in the juvenile court against a student on the 61st day after the implementation of an absence intervention plan or other intervention strategies, provided that all of the following apply:

- A. The student is habitually truant
- B. The school district or school has made meaningful attempts to re-engage the student through the absence intervention plan, other intervention strategies, and any offered alternatives to adjudication, if applicable.
- C. The student has refused to participate in or failed to make satisfactory progress on the plan, as determined by the absence intervention team, or any offered intervention strategies or alternative to adjudication.

If the student, at any time during the implementation phase of the absence intervention plan or other intervention strategies, is absent without legitimate excuse for thirty (30) or more consecutive hours or forty-two (42) or more hours in one school month, the attendance officer shall file a complaint in juvenile court against that student, unless the absence intervention team has determined that the student has made substantial progress on the absence intervention plan.

In the event that the sixty-first (61st) day after the implementation of the absence intervention plan or other intervention strategies falls on a day during the summer months, the absence intervention team may extend the implementation of the plan and delay the filing of the complaint for an additional thirty (30) days from the first day of instruction of the next school year.

Whenever any student of compulsory school age has sixty (60) consecutive hours in a single month or a total of ninety (90) hours of unexcused absence from school during the school year, the student will be considered habitually absent. The Superintendent shall notify the student and their parents, guardian, or custodian, in writing, that the Superintendent will notify the Registrar of Motor Vehicles, if appropriate, and the Judge of the juvenile court of the child's unexcused absences unless the student or their parent/guardian's wish to challenge the record. They are to be notified that the absence information has been provided to the Superintendent, that as a result of that information the child's temporary driver instruction permit or driver's license will be suspended or the opportunity to obtain such a permit or license will be denied, and that they may appear in the principal's office to challenge such information at a scheduled date and time which shall be no earlier than three (3) days or later than five (5) days after

the date of the notification. The principal may grant an extension, if requested by the child or the child's parent, guardian, or custodian.

Notification will be sent within two (2) weeks after the Superintendent receives the information or the conclusion of the hearing if the determination that the student did not have a legitimate excuse for the absences is upheld. The student's name, address, birthdate, school, district, and attendance record shall be sent to the Juvenile Judge in writing and to the Registrar of Motor Vehicles, if appropriate in the manner designated by the Registrar.

The District shall report to the Ohio Department of Education, as soon as practicable, and in a format and manner determined by the department, any of the following occurrences:

- A. When a notice that a student has been absent with or without legitimate excuse for thirty-eight (38) or more hours in one (1) school month, or sixty-five (65) or more hours in a school year is submitted to a parent, guardian, or custodian;
- B. When a child of compulsory school age has been absent without legitimate excuse from the public school the child is supposed to attend for thirty (30) or more consecutive hours, forty-two (42) or more hours in one (1) school month, or seventy-two (72) or more hours in a school year;
- C. When a child of compulsory school age who has been adjudicated an unruly child for being a habitual truant violates the court order regarding that adjudication;
- D. When an absence intervention plan has been implemented for a child under this policy.

Encouraging Attendance

Promoting and fostering desired student attendance habits requires a commitment from the administration, faculty, and parents. No single individual or group can – in and of itself – successfully accomplish this task.

A professional staff member's responsibility must include, but not be limited to:

- A. Providing meaningful learning experiences **every day**; Therefore, a student who is absent from any given class period would be missing a significant component of the course.
- B. Speaking frequently of the importance of students being in class, on time, ready to participate;
- C. Keeping accurate attendance records tracked to the nearest full hour (excused vs. unexcused);
- D. Requiring an admit slip from a student when the student returns from an absence and invoking a consequence if the student does not have one;
- E. Requiring students to make up missed quizzes, tests, and other pertinent assignments before or after the regular school day and not permitting students to use instructional time to do make-up work.

Make-Up Opportunities

A student may make-up units of study with a properly licensed teacher if the principal has granted approval. Students will be given the opportunity for making up work missed due to approved absences. The length of time for completion of make-up work shall be commensurate with the length of the absence.

Tardiness

Each student is expected to be in their assigned location throughout the school day. Only when tardiness that is accompanied with a doctor's excuse, court excuses or a death in the family will be excused. All other tardies will be counted as unexcused and will count against the student.

- A. Tardy to School
 - a. If a student is late arriving to school, they must report to the office and sign in before going to their assigned location. A student that arrives after second period will be considered a 1/2 day's absence.
 - b. The following will be consequences for students with more than 3 combined offenses of this variety in a single quarter:
 - i. 4th offense – detention
 - ii. 5th offense – 3-hour detention
 - iii. 6 offense & beyond – Up to a Saturday School

Notification of Absence

If a student will be absent, the parents must notify the School at (740) 389-5167 by 7:20 am and provide an explanation. If prior contact is not possible, the parents should provide a written excuse as soon as possible after the student's absence. When no excuse is provided, the absence will be unexcused and the student will be identified as truant for that school day. If the offered excuse for a student's absence is questionable or if the number of student absences is excessive, the school staff will notify the parents of the need for improvement in the student's attendance.

A skipped class or part of the school day will be identified as an unexcused absence and students will not be permitted to make-up missed class work. The student will also be subject to disciplinary action.

Students with a health condition that causes repeated absences must provide the administration with an explanation of the condition from a registered physician.

When a student is absent and the parent/guardian has not notified the school by 7:20 am, an automated call will go out 30 minutes after the start of the school day informing parents/guardians of their child's absence.

Homebound Instruction

The Pleasant Local School District may arrange for individual instruction at home for students who are unable to attend school because of an accident, illness, or disability. Such instruction may be arranged upon receipt of documentation of the student's condition from a physician. For more information, contact the school guidance counselor.

Make-up of Tests and Other School Work

Students who are absent from school with an excuse shall be given the opportunity to make-up missed work. The student should contact the teacher of each class they were absent from as soon as possible to obtain assignments.

- The student has the number of school days absent plus one to make-up any missed work. This time period will begin upon a student's return to school.

If a student misses a teacher's test due to an excused absence, the student should make arrangements with the teacher to take the test at another time. If the student misses a State-mandated assessment test or other standardized test, the student should consult with the guidance counselor to arrange for administration of the test at another time.

Suspension from School

Absence from school due to suspension shall be considered an authorized absence.

A suspended student will be responsible for making up schoolwork missed due to suspension. Assignments may be obtained from the principal beginning with the first day of suspension. Make up of missed tests may be scheduled when the student returns from school.

- The student must complete missed assignments during the suspension and turn them in to the teacher by the time the student returns to school.
- The student will be given credit for properly completed assignments and will receive a grade for any made-up tests.

Unexcused Absences

Any student who is absent from school for all or any part of the day without a legitimate excuse shall be considered truant and the student and their parents shall be subject to the truancy laws of the State. (Please refer also to "Truancy" on page 33 of this handbook.

If a student under the age of 18, has 10 or more consecutive or 15 total days of unexcused absence during a semester, the student will be considered habitually absent and will be reported to the Judge of the Juvenile Court

and to the Bureau of Motor Vehicles for suspension of their driver's license, if appropriate, as a result of this excessive absence.

Vacations During the School Year

Students will be excused for vacations only if their parents accompany them. Ohio Law requires that schools be open 180 days, exclusive of vacation days adopted by the Pleasant Local Board of Education in the school calendar.

The only reason for excusing a student for vacation while school is in session is to ensure that a parent is not forced to leave a student home alone. If a student is absent for vacation without prior approval by the principal, all days absent will be considered unexcused. The principal will have the discretion to approve or disapprove a vacation, and to decide whether the days missed are excused or unexcused. **Each case will be considered on its own merit with the student's current attendance taken into consideration.**

It is recommended that parents not take their child out of school for vacations. When a family vacation must be scheduled during the school year, the parents should discuss the matter with the Principal 5 days in advance to make the necessary arrangements. It may be possible for the student to receive certain assignments that may be completed during the trip. Any vacation during the school year will be limited to 5 school days. These 5 limited days of vacation will be considered Excused. Any absences for vacation above 5 days will be considered unexcused absences. Each student is limited to one approved up to 5 day vacation.

Vacation Request Procedures

1. A written request must be provided to the school office by the parent/guardian at least 5 school days prior to the date(s) requested. The principal in extenuating circumstances may waive the written request.
2. If approved, a vacation form will be issued. The student or parent is responsible for contacting teachers and obtaining missed work/assignments. It is the responsibility of the teacher to establish the due date for missed work/assignments.
3. It is recommended that parents not take their child out of school for vacations. Students may be excused for family vacations for no more than 5 days per school year, except during the week prior to and the week of State Mandated Tests.

Note: Any student with excessive absences will not be excused for vacation. Failure to submit a vacation request may result in the absence being considered unexcused. At least one parent/guardian or family member must accompany the student. Vacation requests will not be approved for parents/guardians of other students unless there are extenuating circumstances deemed appropriate and approved by the principal prior to the vacation. Absences due to family vacations will count toward a student's cumulative absence totals.

EARLY DISMISSAL

No student may leave school prior to dismissal time without a parent or guardian either submitting a signed written request or coming to the School Office personally to request the release. No student will be released to a person other than a custodial parent(s) or guardian without a written permission note signed by the custodial parent(s) or guardian.

CODE OF CONDUCT **Student Conduct**

A major component of the educational program is to prepare students to become responsible citizens by learning how to conduct themselves properly and in accordance with established standards. Students are expected to behave in accordance with Federal, State and local laws and rules and Board policies and Administrative Guidelines, and in a way that respects the rights and safety of others. Staff will take corrective action to discipline a student and/or to modify the student's behavior when a student's behavior does not fall within these parameters.

School staff may report suspected criminal misconduct by a student to law enforcement. Law enforcement officers will be permitted to carry out necessary law enforcement functions in the schools, including the removal of a student from school grounds in appropriate circumstances.

The Board of Education shall, in compliance with state law, establish procedural standards for the removal; suspension and expulsion of students from public schools as stated in Amended Substitute House Bill #421, amended section 3313.66, Ohio Revised Code. The Board of Education's primary concern is that students who wish to learn can do so in an environment conducive to learning, and that stated disciplinary action is enforced against those who would prevent or destroy such an environment.

The rules, regulations and standards set forth apply to conduct on school premises or on school buses or involving school property, to conduct on/off school premises, which directly affect other students or the school, and to conduct at school functions of any kind. (Any conduct which causes or which creates a likelihood that it will interfere with the health, safety or well-being, or the rights of other students are prohibited.

The preceding standard is a general standard that is to be used as a guide by all students. Not all acts of misconduct can be itemized. The following is an enumeration of some of the main areas of misconduct which will lead to disciplinary action in the form(s) of: counseling; parental conferences; additional assignments; detention; in-house suspension; removal; corporal punishment; suspension; and/or expulsion; referral to the proper authorities.

FORMS OF DISCIPLINE

Detention

An individual classroom teacher may assign an after-school or lunchtime detention. After-school detention will be held at designated times. Detention, as a means of disciplinary action, gives the student the opportunity to correct behavior and improve skills before administrative intervention is necessary. Students must bring school related materials to detention and may not sleep. School personnel will supervise the detention. Parents receive written notification of a detention, and attendance is required for any student who is assigned. Failure to attend will result in disciplinary action under the Student Conduct Policy. Transportation is the responsibility of the parent/guardian.

Extended School Detention/Wednesday School

Extended School Detention will meet from 2:30 to 4:30. No students will be dismissed early for any reason except an emergency. Students must bring academic work with them and be engaged in academic work for the time period. Students who fail to attend or who are dismissed for disciplinary reasons will be suspended from school. Parents and Guardians are responsible for picking their child up after Wednesday School.

Saturday School

Saturday school will be in session from 8:15 am to 11:45 am. Students will be required to study quietly during this time. Each student shall arrive with sufficient educational materials to be busy during this 3 1/2-hour study period. The following rules apply to Detention, In-School Discipline, and Saturday School:

- Students are required to have class assignments with them.
- Students are not to communicate with each other unless given permission to do so.
- Students are to remain in their designated seats at all times unless permission is granted to do otherwise.
- Students shall not be allowed to put their heads down or sleep.
- No electronic communication devices, cards, magazines, or other entertainment/recreational articles or devices shall be allowed in the room.
- No food or beverages shall be consumed.
- Any student who has not passed all of the State-mandated assessment tests will be required to work on a study packet for one or more of the un-passed tests.
- Transportation to and from Saturday school is the student/parent's responsibility.

In-School Suspension

In-School Suspension is an in-house component of the Pleasant disciplinary system. The ISS may be used as a short or long-term educational placement, an alternative disciplinary measure to Out-of-School Suspension, for the emergency removal of a student and/or other situations. When assigned to ISS as a disciplinary consequence, students will remain within its confines throughout the school day, except for providing restroom breaks.

Students must bring iPad and necessary materials to ISS in the morning, as they will not be permitted to visit their locker during school hours. Students will be provided with their assignments for each class, which are eligible for credit. Failure to successfully complete the day in ISS, including completion of all assignments, will result in further disciplinary measures.

Specific rules, guidelines and expectations are posted in the ISS. In addition to the rules of ISS, all school district rules and policies will apply to students in ISS. Phone use is not permitted in ISS, please leave your phone at home or you will be required to check it in while in ISS. Students who are disruptive in ISS or who do not follow the

prescribed rules may be suspended out of school or additional time may be assigned. An assignment to ISS is not appealable.

Students will not be counted absent from school on days attending ISS. Students absent from school for any reason will serve their assigned day(s) immediately upon their return. Any student involved in extracurricular activities will not be eligible to participate for all days in ISS if assigned to ISS for disciplinary reasons. The student may ride the school bus to and from school.

Out of School Suspension

Students who are suspended out of school or expelled may not be present on school property, participate or attend any school activities or contests, or be present at activities or on property controlled by the school. **Students who are suspended from school may complete any assignments, homework or assessments they miss as a result of the suspension.** It is solely the responsibility of the students to obtain the missed assignments, homework, or assessments. Students are permitted one additional day per suspended day to complete the missed school work. For example, a student who is suspended for three (3) days, may have three days to make up the missing school work once they return to class. Suspension days count as absences from school but not unexcused.

Expulsion

The student is removed from school property a set number of days as specified by State law. Expulsion may result in the loss of credit for courses being taken at school, at Tri-Rivers Career Center, or at any college or university, whether under an Education Option, CCP, or at the student's own expense.

Discipline

No student has the right to interfere with a teacher's efforts to teach or with fellow students' right to learn. A student who takes part in an action that creates either of the above negative situations will either change their actions or be removed from the student body at Pleasant High School.

The examples of misconduct listed below will result in the following penalties, which are cumulative for any offense in this section. This includes misconduct by a pupil that occurs off property owned or controlled by the district but that is connected to activities or incidents that have occurred on property owned or controlled by the district.

Violations of specific rules in the handbook may result in any of the following forms of discipline:

- Detention
- Wednesday School (2 Hour Detention)
- Saturday School
- In-School Suspension
- Up to 10 Days of Out of School Suspension
- Up to 10 Days of Out of School Suspension with the Recommendation for Expulsion
- Referral to law enforcement and/or court system

PBIS

Pleasant Local Schools has adopted a research-based system that utilizes a positive approach to discipline, which leads to a reduction in office referrals, in-school suspensions and out-of-school suspensions that decrease instructional time for students. This system is referred to as the Positive Behavioral Interventions and Supports System, known as PBIS.

PBIS is a framework that guides school teams in the selection, integration and implementation of evidence-based practices for improving academic, social and behavior outcomes for all students. The PBIS process emphasizes four integrated elements: (1) Data for decision making (2) Evidence based **interventions and practices** that support varying student needs (multi-tiered) (3) **Systems** that efficiently and effectively support implementation of these practices. (4) Continual progress monitoring to ensure **outcomes** are met.

- Hooded sweatshirts (as long as the hood does not cover the head, face, or ears)
- Yoga Pants, Leggings, Jeggings (provided that the leggings are not sheer, translucent or see through)
- Ripped jeans, as long as underwear and buttocks are not exposed.
- Athletic attire
- Visible straps on undergarments worn under other clothing (as long as this is done in a way that does not violate Section 1 above).

Section 5: Dress Code Enforcement

To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently using the requirements below. School administration and staff shall not have discretion to vary the requirements in ways that lead to discriminatory enforcement.

Students will only be removed from spaces, hallways, or classrooms as a result of a dress code violation as outlined in Sections 1 through 4 above. Students in violation of Section 1 and/or 4 will be provided two (2) options to be dressed more to code during the school day:

- Students will be asked to put on their own alternative clothing, if already available at school, to be dressed more to code for the remainder of the day.
- Students will be provided with temporary school clothing to be dressed more to code for the remainder of the day.
- If students habitually violate the dress code consequences up to and including suspension may be administered.

All school time missed due to violation of the school dress code will be counted as unexcused absence time.

Any article of clothing or accessory that is deemed to be a distraction to the educational environment, or create a potential safety issue will be addressed by the administration.

Gangs

Gangs that initiate, advocate or promote activities that threaten the safety or well-being of persons or that are disruptive to the school environment will not be tolerated. Incidents involving initiations, hazing, intimidations or related activities that are likely to cause harm or personal degradation are prohibited. Students wearing, carrying or displaying gang paraphernalia or exhibiting behaviors or gestures that symbolize gang membership or causing and/or participating in activities that are designed to intimidate another student will be disciplined. Prohibited gang paraphernalia will be specifically identified and posted by the principal.

Care of Property

Students are responsible for the care of their own personal property. The school is not responsible for personal property. Valuables such as jewelry or irreplaceable items should not be brought to school.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student damages or loses school property, the student and/or their parents will be required to pay for the replacement or repair. If the damage or loss was intentional, the student will be subject to discipline according to the Student Discipline Code.

BULLYING, HARASSMENT, AND INTIMIDATION

Harassment, intimidation or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship as per ORC 3313.666. Pleasant Local Schools will not tolerate any gestures, comments, threats, or actions, which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a school bus, or while enroute to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

Harassment, intimidation, or bullying means:

- A. Any intentional written, verbal electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or
- B. Violence within a dating relationship.

Any student who believes that the student is the victim of any of the above actions or has observed such actions by another student, staff member, or other person associated with the District, or by third parties should contact the Building Administrator (Board Policy 5517.01).

Aggressive behavior is inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional health.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated.

DUE PROCESS RIGHTS

Before a student is suspended, expelled, or permanently excluded from school, there are specific procedures that must be followed.

As long as the in-school discipline is served entirely in the school setting, it will not require any notice or meeting, or be subject to appeal (Board Policy 5611).

Suspension from School

When a student is being considered for a suspension, the administrator in charge will notify the student of the basis for the proposed suspension. The student will be given an opportunity to explain their view of the underlying facts. After that informal hearing, the Principal [or assistant principal or other administrator] will determine whether or not to suspend the student. If the decision is made to suspend the student, the student and their parents will be given written notification of the suspension within one (1) day setting forth the reason for the suspension, the length of the suspension, and the process for appeal. The suspension may be appealed, within seven (7) days after receipt of the suspension notice, to the Superintendent. The request for an appeal must be in writing.

During the appeal process,

- The student shall not be allowed to remain in school.

If the appeal is heard by the Board's designee, the appeal shall be conducted in a private hearing. If the appeal is heard by the Board of Education, the appeal shall be conducted in executive session unless the student or their representative requests otherwise. A verbatim transcript will be made and witnesses will be sworn in prior to giving testimony. If the appeal decision is to uphold the suspension, the next step in the appeal process is to the Court of Common Pleas.

Emergency Removal

If a student's presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process taking place either in a classroom or elsewhere on the school premises, the Superintendent, principal or assistant principal may remove the student from any curricular or extracurricular activity or from the school premises. A teacher may remove the student from any curricular or extracurricular activity under the teacher's supervision, but not from the premises.

If a teacher makes an emergency removal, the teacher will notify a building administrator of the circumstances surrounding the removal in writing within one (1) school day. No prior notice or hearing is required for any removal under this procedure. In all cases of normal disciplinary procedures where a student is removed from curricular or extracurricular activity for less than one school day, and is not subject to further suspension for expulsion, the following due process requirements do not apply.

If the emergency removal exceeds one (1) school day, then a hearing will be held after the removal is ordered. Written notice of the hearing and the reasons for removal and any intended disciplinary action will be provided to the student, as soon as practical prior to the hearing. If the student is subject to an out of school suspension, the student will have the opportunity to appear at an informal hearing before the principal, assistant principal, Superintendent or a designee, and may challenge the reasons for the removal or otherwise explain their actions.

Within one (1) school day of the decision to suspend, written notification will be given to the parent(s)/guardian(s) or custodian(s) of the student. This notice will include the reasons for the suspension, the right of the student or their parent(s)/guardian(s) or custodian(s) to appeal to the Board or its designee, and the student's right to be

represented in all appeal proceedings. If it is likely that the student may be subject to expulsion, the hearing will take place within three (3) school days and will be held in accordance with the procedures outlined in the Student Expulsion Policy. The person who ordered or requested the removal will be present at the hearing. In an emergency removal, a student may be kept from class until the matter of the alleged misconduct is resolved either by reinstatement, suspension or expulsion.

Expulsion from School

When a student is being considered for expulsion, the student and parent will be provided with a formal notice of the proposed expulsion. This written notice will include the reasons for the intended expulsion, notification of the opportunity to appear in person before the Superintendent or the Superintendent's designee to challenge the reasons for the expulsion and/or explain the student's action, and notification of the time and place to appear. Students being considered for expulsion may be removed immediately. A hearing will be scheduled no earlier than three (3), nor no later than five (5) school days after the notice is given. Parents may request an extension of time for the hearing. The student may be represented by their parents, legal counsel, and/or by a person of their choice at the hearing.

In accordance with Board Policy 5610, the Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws from school prior to the hearing or decision to impose the expulsion. The expulsion will be imposed for the same duration that it would have been had the student remained enrolled.

If a student is expelled, the student and the student's parents will be provided with written notice within one (1) school day of the imposed expulsion. The notice will include the reasons for the expulsion, the right of the student, or the student's parent(s)/guardian(s) or custodian(s) to appeal the expulsion to the Board or its designee, the right to be represented in all appeal proceedings, the right to be granted a hearing before the Board or its designee, and the right to request that the hearing be held in executive session.

Within Fourteen (14) days after the Superintendent notifies the parents of the expulsion, the expulsion may be appealed, in writing, to the Board of Education or its designee. A hearing on the requested appeal will be formal with an opportunity for sworn testimony. If the expulsion is upheld on appeal, a student's parents may pursue further appeal to the Court of Common Pleas.

Students serving expulsions will not be awarded grades or credit during the period of expulsion. Expulsion for certain violations including use or possession of alcohol or drugs may result in revocation of student's driver's license. When a student is expelled, the Superintendent will notify any college in which the expelled student is enrolled under the Postsecondary Enrollment Option at the time the expulsion is imposed.

Permanent Exclusion

State law provides for the permanent exclusion of a student, 16 years of age or older who engages in certain criminal activity. Permanently excluded students may never be permitted to return to school anywhere in the State of Ohio. A permanent exclusion may be considered if the student is convicted or adjudicated delinquent for committing one or more of the following crimes while on the property of any Ohio school:

- A. Conveying deadly weapons onto school property or to a school function;
- B. Possessing deadly weapons onto school property or at a school function;
- C. Carrying a concealed weapon onto school property or at a school function;
- D. Trafficking in drugs onto school property or at a school function;
- E. Murder, aggravated murder on school property or at a school function;
- F. Voluntary or involuntary manslaughter on school grounds or at a school function;

- G. Assault or aggravated assault on school property or at a school function;
- H. Rape, gross sexual imposition or felonious sexual penetration on school grounds, or at a school function, when the victim is a school employee;
- I. Complicity in any of the above offenses, regardless of the location.

This process is formal and may follow an expulsion with the proper notification to the parents.

Discipline of Students with Disabilities

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Improvement Act (I.D.E.I.A.), and, where applicable, the Americans with Disabilities Act (A.D.A.), and/or Section 504 of the Rehabilitation Act of 1973.

Suspension of Bus Riding/Transportation Privileges

When a student is being considered for suspension of bus riding/transportation privileges, the administrator in charge will notify the student of the reason. The student will be given an opportunity to address the basis for the proposed suspension at an informal hearing. After that informal hearing, the principal [or assistant principal or other administrator] will decide whether or not to suspend their bus riding/transportation privileges for all or part of the school year.

If a student's bus riding/transportation privileges are suspended, the student and their parents will be notified, in writing within one day, of the reason for and the length of the suspension.

SEARCH AND SEIZURE

Administrators may search a student or their property (including vehicles, purses, knapsacks, gym bags, etc.) with or without the student's consent, whenever they reasonably suspect that a search will lead to the discovery of evidence of a violation of law or school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age. General housekeeping inspection of school property may be conducted with reasonable notice. Student lockers are the property of the District and students have no reasonable expectation of privacy in their contents or in the contents of any other District property including desks or other containers. School authorities may conduct random searches of the lockers and their contents at any time without announcement. Unannounced and random canine searches may also be conducted.

Additionally, students have NO reasonable expectation of privacy in their actions in public areas including but not limited to, common areas, hallways, cafeterias, classrooms and gymnasiums. The District may use video cameras in such areas and on all school vehicles transporting students to and from regular and extracurricular activities.

Anything that is found in the course of a search may be used as evidence of a violation of school rules or the law, and may be taken, held or turned over to the police. The School reserves the right not to return items that have been confiscated (Board Policy 5771).

INTERROGATION OF STUDENTS

The Pleasant Local School District is committed to protecting students from harm that may be connected with the school environment and also recognizes its responsibility to cooperate with law enforcement and public child welfare agencies. While the School believes these agencies should conduct their investigations off school property if possible, investigations can take place at school in emergency situations or if the violation being investigated occurred on school property.

Before students are questioned as witnesses or suspects in an alleged criminal violation, the building administrator will attempt to contact a parent prior to questioning and shall remain in the room during questioning.

If a student is questioned as the subject of alleged child abuse or neglect, the building administrator will attempt to contact a parent prior to questioning, and the student (or a designated guidance counselor) will remain in the room

during questioning. If the agency investigating the alleged child abuse or neglect suspects the parent is the perpetrator, neither parent will be contacted prior to questioning, but the building administrator (or a designated guidance counselor) will remain in the room during questioning.

If law enforcement or children's services agency removes a student from school, the building administrator will notify a parent (Board Policy 5540).

STUDENT RIGHTS OF EXPRESSION

The Pleasant Local School District recognizes the right of students to express themselves. With the right of expression comes the responsibility to do so appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet school guidelines.

A. Material cannot be displayed if it:

1. Is obscene to minors, libelous, or pervasively indecent or vulgar;
2. Advertises any product or service not permitted to minors by law;
3. Intends to be insulting or harassing;
4. Intends to incite fighting; or
5. Presents a clear and present likelihood that, either because of its content or manner of distribution or display, it will cause or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

B. Material may not be displayed or distributed during class periods, or between classes. Permission may be granted for display or distribution during lunch periods, and/or before or after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether materials they wish to display meet school guidelines may present them to the Building Administrator twenty-four (24) hours prior to display.

SECTION V - TRANSPORTATION

Bus Transportation to School

The School provides transportation for all students who live farther than two (2) miles from school. The transportation schedule and routes are available by contacting the Supervisor of Transportation at (740) 389-5129.

Students may only ride assigned buses and must board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the Principal.

The principal may approve a change in a student's regular assigned bus stop to address a special need. Parents should send a note to the principal stating the reason for the request and the duration of the requested change.

Bus Conduct

Students who are riding to and from school on District-provided transportation must follow all basic safety rules. This applies to school-owned buses as well as any contracted transportation.

The driver may assign seating or direct students in any reasonable manner to maintain transportation safety.

Students must comply with the following basic safety rules:

Prior to loading (on the road and at school)

Each student shall:

- Be on time at the designated loading zone (5 minutes prior to scheduled stop);
- Stay off the road at all times while walking to and waiting for school transportation;
- Line up single file off the roadway to enter;
- Wait until the school transportation is completely stopped before moving forward to enter;
- Refrain from crossing a highway until the driver signals it is safe to cross;
- Properly board and depart the vehicle;
- Go immediately to a seat and be seated.

It is the parents' responsibility to inform the bus driver when their child will not be aboard school transportation. Drivers will not wait for students who are not at their designated stops on time.

During the trip

Each student shall:

- Remain seated while the school transportation is in motion;
- Keep head, hands, arms, and legs inside the school transportation at all times;
- Not push, shove or engage in scuffling;
- Not litter in the school vehicle or throw anything in, into, or from the vehicle;
- Keep books, packages, coats, and all other objects out of the aisle;
- Be courteous to the driver and to other riders;
- Not eat or play games, cards, etc.;
- Not use nuisance devices (e.g., laser pointers) on the bus in a way that disrupts the safe transportation of students and/or endangers students or employees;
- Not tamper with the school vehicle or any of its equipment (including, but not limited to emergency and/or safety equipment).

Exiting the school vehicle

Each student shall:

- Remain seated until the vehicle has stopped;
- Cross the road, when necessary, at least 10 feet in front of the vehicle, but only after the driver signals that it is safe;
- Be alert to a possible danger signal from the driver.

The driver will not discharge students at places other than their regular stop at home or at school unless the student has proper authorization from school officials.

Video on School Buses

The Pleasant Local School District has installed video cameras on school buses to monitor student behavior.

If a student misbehaves on a bus and their actions are recorded on videotape, the tape will be submitted to the Principal and may be used as evidence of misbehavior.

Penalties for Infractions

A student who misbehaves on the bus shall be disciplined in accordance with the Student Discipline Code and may lose the privilege of riding on the bus.

Transportation of Students By Private Vehicle

When transportation by District vehicle is either not available or feasible, there may be a need to provide transportation to students by private vehicle. However, no students will be permitted to ride in a private vehicle unless written consent is provided by each student's parent using Form 8660 F2 – Parental Consent for Transportation by Private Vehicle. Upon request, parents of participating students will be given the name of the driver, the owner of the vehicle, and the description of the vehicle.
